

PGY2 Health-System Pharmacy Administration & Leadership Residency

Based in Nashville, Tennessee, HCA Healthcare is **one of the nation's leading providers of healthcare** services. HCA Healthcare is made up of locally managed facilities that include >180 hospitals and approximately 1,800 sites of care, including surgery centers, freestanding ERs, urgent care centers and physician clinics, in 20 states and the United Kingdom.

Program Description and Benefits

Each of the **two PGY2 health-system pharmacy administration & leadership residents** will have an opportunity to learn across the continuum of care in an environment which places the care and improvement of human life above all else. This program builds upon PGY-1 residency graduates' competence in the delivery of clinical pharmacy services and in operational services to prepare residents who can assume leadership responsibilities.

As members of a team of **eight pharmacy residents**, the health-system pharmacy administration and leadership residents serve in leadership and mentorship roles within the pharmacy class and within the layered-learning model with pharmacy students. HCA Healthcare has strong ties to the three local schools of pharmacy and involvement with several others nationwide.

In addition to a competitive salary, residents also enjoy **additional benefits**:

- Medical, dental, and vision insurance available through the University of Tennessee
- Travel allowance for participation in professional meetings
- Free parking and access to corporate gym/workout facility

After Residency

Program graduates have taken on pharmacy leadership roles at various levels within our organization as well as other health care entities.

Application Requirements

Utilize PhORCAS system to submit the following information by **December 31st**:

- Letter of intent
- Three letters of recommendation
- Curriculum vitae (CV)
- Official school transcripts

PGY2 Program Purpose: PGY2 pharmacy residency programs build on Doctor of Pharmacy (Pharm.D.) education and PGY1 pharmacy residency programs to contribute to the development of clinical pharmacists in specialized areas of practice. PGY2 residencies provide residents with opportunities to function independently as practitioners by conceptualizing and integrating accumulated experience and knowledge and incorporating both into the provision of patient care or other advanced practice settings. Residents who successfully complete an accredited PGY2 pharmacy residency are prepared for advanced patient care, academic, or other specialized positions, along with board certification, if available.
