

PGY1 Managed Care Pharmacy Residency

Based in Nashville, Tennessee, HCA Healthcare is **one of the nation's leading providers of healthcare** services. HCA Healthcare is made up of locally managed facilities that include > 180 hospitals, > 110 freestanding surgery centers, and > 1,200 physician practices located across the United States and in the United Kingdom.

Program Description and Benefits

The **PGY1 managed care pharmacy resident** will have an opportunity to learn across the continuum of care in an environment which places the care and improvement of human life above all else. Residents will improve patient outcomes, quality care standardization, and operational efficiencies through the application of population health management and managed care pharmacy principles, standards, and best practices. This includes support for interdisciplinary healthcare teams, including corporate and state Medicaid committee involvement.

As members of a team of **twelve pharmacy residents**, each resident performs the vital role as preceptor for students rotating through the corporate office practice site. HCA Healthcare has strong ties to the three local schools of pharmacy and involvement with several others nationwide.

In addition to a competitive salary, residents also enjoy **additional benefits**:

- Medical, dental, and vision insurance available through the University of Tennessee
- Travel allowance for participation in professional meetings
- Free parking
- Access to corporate gym/workout facility

After Residency

This program will prepare the candidate for positions including, but not limited to: Post-Graduate Year 2 training, managed care organization/health plan, pharmaceutical industry, regulatory compliance or quality assurance and improvement at a hospital or system level.

Application Requirements

Utilize PhORCAS system to submit the following information by **December 31st**:

- Letter of intent
- Three letters of recommendation
- Curriculum vitae (CV)
- Official school transcripts
